

How to Connect to BraveWifi with a Mac

- Select BraveWifi.
- Enter your network (BraveWeb) username and password.
- Check the box to **Remember this network** and click **Join**.

The Wi-Fi network "ISE" requires WPA2 enterprise credentials.

Remember this network

- Click **Continue**

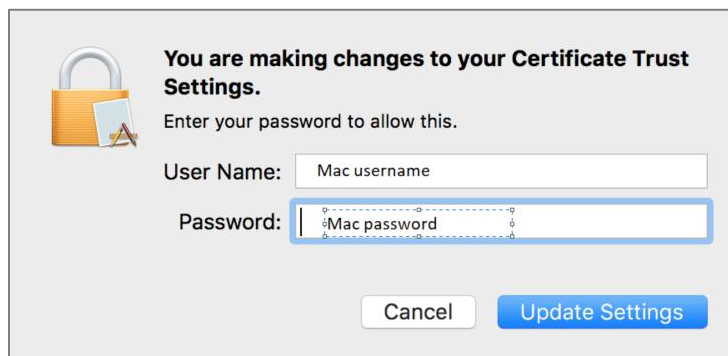

Verify Certificate

Authenticating to network "ISE"

Before authenticating to server "ise.uncp.edu", you should examine the server's certificate to ensure that it is appropriate for this network.

To view the certificate, click 'Show Certificate'.

- Enter your Mac computer username and password, then click **Update Settings**. (The username and password is your login for the Mac computer, not your BraveWeb username/password.)

You are making changes to your Certificate Trust Settings.

Enter your password to allow this.

User Name:

Password:

- You will then have Internet access.
